#### CONCEPT PAPER

---

##### IIEE – CSC MISSION

1. To help in improving the academic performance of all Electrical Engineering (EE) and Electrical Technology (ET) students in the archipelago and to serve as a channel of information about current issues and trends in EE and ET education system and industry.
2. To hone and nurture the leadership abilities, skills and principles of student members in order to act with integrity and passion to serve as future leaders of the IIEE and country.
3. To foster camaraderie, solidarity and unity among its members by acting as the core and primemover for programs and activities that will provide opportunities for personal growth and self-development of its members.
4. To encourage its members to support, participate and undertake the challenges of globalization and social awareness.

##### IIEE – CSC VISION

To be the best and most prestigious technical student organization in the Philippines.

### INTRODUCTION

The **Electrical Engineering and Technology Student Summit (EETS)**, on its launching during the 39<sup>th</sup> IIEE Annual National Convention, is the premier event of the IIEE - Council of Student Chapters for 2014. On its first year, **Electrical Engineering and Technology Student Summit (EETS)** will bring together students and professionals from all over the country to impart wisdom and share expertise. The event holds the theme:

**“CONTINUOUSLY ENHANCING ELECTRICAL PRACTITIONERS’  
COMPETITIVENESS TOWARDS GLOBAL EXCELLENCE”**

### OBJECTIVES

The **Electrical Engineering and Technology Student Summit** aims to:

1. Gather IIEE-CSC Electrical Engineering and Electrical Technology student members and non-members, from all regions and provide a venue for interaction and exchange of ideas and knowledge;
2. Highlight the **12<sup>th</sup> National PEC Quiz Show** and **1<sup>st</sup> Clash of the Intellects in Engineering Sciences and Allied Subjects**, aiming to heighten the standards of Electrical Engineering education in the country and enthusiasm of Electrical Engineering students in ESAS and PEC by promoting and organizing a healthy competition among student members nationwide;
3. Expose students to different fields of Electrical Engineering and Electrical Technology, and nature of job applications through **Technical and Non-technical Seminars** which will line up topics interesting and appealing to EE/ET students for their enjoyable learning while helping them develop and progress as future electrical practitioners.
4. Update its student members on upcoming events and other happenings about the CSC through the **Annual Student Congress**.
5. Provide students with the opportunity to witness the biggest and most prestigious gathering of electrical practitioners and exhibition of the latest in technology through the consequent launching of EETS on the 39<sup>th</sup> IIEE Annual National Convention
